Dance Company

more than just dance...

An eclectic dance company focused on the love of all forms of dance, *G-Volution* is a rarity. Passionate and technically precise, this company performs everything from jazz, hip-hop, tap, modern, and a splash of some cultural dance forms. Because of choreographer/director *Graziella's* very diversified style, *G-Volution* dancers are required to be quite versatile in style as well as exceptionally technical....true eye candy.

Under the direction of *Graziella Baratta*, *G-Volution* has performed in countless venues since 2003 that include *Madison Square Garden* NYC, the *China Club* NYC, *Club Deep* NYC, *The Producers Club*, *The Gene-Frankel Theatre*, and featured in independent productions such as "*FAME! The Musical*," "*The Mikey & Gigi Show*," "*Puttin' on the G*" Off- Broadway, and Indie Film "*Foil*."

As director and choreographer, *Graziella* focuses on the idea of constant improvement, re-invention, and evolution; hence the name *G-Volution* was born!
